Fenwick Island Beach Patrol

July 2019 Report

- FIBP is proud to report the Beach Patrol operations are going well. The FIBP has serviced over 150 public-assisted transportation onto the beach so far this summer. With the assistance of two side-by-side vehicles, we are able to provide transports as well as respond to medical emergencies in a timely manner. Due to some communication issues, we have transitioned to using only one Beach Patrol phone for all beach patrol matters. The 302-462-6942 number will be the only number that the public can use to request transportation assists.
- FIBP Medical training has been completed and almost all guards have been certified as Red Cross Emergency Medical Responders. This is an advanced medical training that is one step below an EMT. The course is over 40 hours of training and drills, and equips the lifeguard staff with more tools to handle most emergencies on and off the beach.
- The competition season is in full swing and we are happy to announce the results from the 2019 USLA Mid Atlantic Regionals in Rehoboth. Emily Ruppert placed 2nd in women's Beach Flags as well as making the Finals in the 4 by 100 Sprint. Tyler McCarthy placed 1st in the 2-mile Soft sand beach run. Griffin McWilliams and James Shiels placed 6th in Rescue race. We will be sending these outstanding lifeguards to represent Fenwick and SCLA at the National USLA competition in Virginia Beach.
- The Junior Lifeguard program has begun and is doing well. The attendance and participation have been great.

- The annual Town Bonfire has been completed for 2019. The event was well attended, and the weather was perfect. The teamwork and dedication from everyone was outstanding. Thanks to the hard work from Public Works, Town Management, and especially the Beach Committee on making the event go smoothly. It is evident that the Fenwick community is extremely supportive of one another. I am looking forward to next year.
